The Union believes in fostering equal rights and providing unity and harmony to its citizens. It is a country where women are not treated as an object but as a Goddess, while this is a part of the history as well as present day. The Union has implemented various laws in regards to safeguard women and child (Protection of youngsters from sexual offences act -POYSO, Juvenile Justice Act, Criminal Amendment Act, 2016, etc.).

Aarushi@Pari was a very bright child studying in 8th standard at Hatherop Castle International School, U.K. was a daughter of a renowned textile business man Mr. Thirani who is very famous in UK for his flourished textiles which are imported from Indiana and which are of great quality. Her mother Mrs. Kanta Thirani is also a very loving and a well-educated lady. Aarushi was born in Indiana but at the age of two her father got established in UK and so the family moved there. The family is beautifully complete and is very loving but sadly their only child was suffering from a mental illness from birth. To which she was being treated by one of the best neurologist – Dr. Randhir Verma from Indiana.

On 2nd January, 2021 Aarushi and her mother Kanta visited her Uncle's house situated at BG-5/65, Paschim Sarovar, and New Delphi, Indiana. Ever since from her childhood she was struggling from Autism Spectrum Disorder (ASD), to which she visits Indiana periodically to get a checkup from the well-known Dr. Randhir Verma since last 6 years.

On January 6, 2021, at around 2:30, she went for a medical check-up at Dr. Randhir Verma's Clinic. Later, at 6:00 PM, Aarushi went to a pharmaceutical shop near her uncle's house to purchase prescribed medicines.

At around 7:30, after an hour of her not returning home, Mrs. Thirani (PW-1) started to worry. Despite numerous calls, she couldn't locate Aarushi. Concerned, Aarushi's uncle Mr. Khatri, Aunty Mrs. Tina, and her mother went to the pharmacist's shop, where the owner claimed she never came. A thorough search yielded no results, prompting them to lodge an FIR at the nearest police station.

On January 8, 2021, at 5:00 AM, PW-2 Ram Bahadur received information of the victim lying in a naked condition near the New Delphi Railway Station from PW-3 Jitendra, a tea stall owner. PW-2 reached the spot and found the victim. She was then taken to a Government Medical Hospital, New Delphi. DNA Samples were collected from the site of the crime and victim's body. A button of his shirt was found in her hand while treating her. Traces of semen were also found on and in the victim's body and clothes. Her fingernails had traces of some skin cells and blood. Fingernails marks were also found on her body.

“MOOT PROBLEM

During investigation, police came across a CCTV footage where accused was seen forcefully taking the victim away with him. The accused was identified as Mustakh, a student of JPJ Sr. Sec. School, New Delphi. The accused was arrested from Biaspur Boys PG, New Delphi. The police recovered the lost gold chain, earrings, Rs. 750 cash stained with blood, shirt with blood stain and a payjama with blood and semen. In the hospital, the victim gave her Dying Declaration to the PW – 4, Dr. Bhavya that she was raped. On 9th January, 2023 the victim succumbed to death due to her severe injuries.

Forensic surgeon, PW – 5, Dr. Radhika conducted the post mortem of the victim. 15 injuries were sustained by the victim and the death is the result of joint result of injuries No. 1 and No. 2. She opined clearly that the first injury “Lacerated wound with a surrounding abraded contusion on right side of forehead just above eyebrow and contusion of left temporalis muscle, involving its whole thickness. The left orbital margin showed a fissured fracture. The floor of left side of anterior cranial fossa also showed fracture. There is traumatic disruption of stem of pituitary gland and left frontal lobe of brain showed multiple areas of hemorrhage”, is out of hitting of her head from a concrete place more likely a floor or stone. It was also found that there was bleeding from vulva and the legs were also stained with blood. Cut mark (sharp) over right labia present a tag of vagina (6 cm in length) hanging outside the introitus.

There was profuse bleeding from vagina per vaginal examination: A posterior vaginal wall tear of about 7 to 8 cm per rectal examination: Rectal tear of about 4 to 5 cm. communicating with the vaginal tear.

After framing of the charge, the trial proceeded. After hearing the arguments the learned trial court arrived at the conclusions that charges against the appellant under Section. 376, 396, 365, 395, 307, 302 of Indiana Penal Code and section 3 of the protection of youngsters from sexual offences act (POYSO).

On 16th November, 2022 the Trial Court found the accused guilty for section 376 395, 396, 365, 395, 307 , 302 of Indiana Penal Code and section 3 of the protection of youngsters from sexual offences act (POYSO), awarded him death sentence for murder and life imprisonment for the offence of rape. The accused filed an appeal to the HC of New Delphi; the HC of New Delphi affirmed the judgment of the Trial Court via its order dated 12th February, 2023. Meanwhile, the Union of Indiana went through a revolutionary shift in its Criminal Laws by refreshing its laws by new which came into effect from 2nd January, 2023

Further, an appeal was filed by the accused before the Supreme Court of Indiana against this order of the HC of New Delphi. A PIL was filed by NGO Naaz International Women Upliftment Foundation in the Supreme Court against the Death Penalty which is awarded in rape cases.

“ MOOT PROBLEM

The NGO in its petition added while quoting the data of NCRB in which it was seen that there is a steep rise in the rape cases after 2016. The data clearly portrays that there has been several instances where rape is followed by murder. “In 278 horrifying incidents of sexual predator killing his victim, total 287 women were killed in murder with rape/gang rape cases, states data tabled by National Crime Record Bureau (NCRB) report for year 2021. While Bollrashtra reported 23 such incidents with 23 instances of murder with rape/gang rape.” Also, judges have started to give the death penalty in various such rape cases. Now the sexual predators to evade the Justice System/Legal System have started killing the rape victims, to avoid death penalty. While it is seen that in Rape cases the maximum punishment which could be awarded is Death Penalty where as in cases of Murder it is a maximum penalty of Life Imprisonment.

ISSUES

The questions before Supreme Court are:

1. Whether the appeal filed by the appellant is maintainable in the Hon’ble Supreme Court?
2. Whether the PIL file by Naaz International Women Upliftment Foundation is maintainable or not?
3. Whether the current appeal may be considered in accordance with recently enacted criminal statutes?
4. Whether the subordinate courts erred in awarding death penalty to the accused?
5. Whether the subordinate courts erred in framing of charge under section 3 of the protection of youngsters from sexual offences act (POYSO)
